EDU Revolution

1. Introduction

EDU Revolution is LPU's **student-centric academic framework** that recognizes and rewards learning **beyond the classroom**. Through **Revenue Generation opportunities, Projects & Hackathons, National and International Internship Opportunities, and Certifications**, students gain academic recognition, industry exposure, and career-ready skills.

Aligned with the University's vision, EDU Revolution empowers students to **earn while they learn** and create opportunities to **earn their own program fee** through innovation, entrepreneurship, and real-world achievements. Several academic initiatives have been thoughtfully designed as detailed below:

3. Processing of Student Nominations

EDU Revolution provides multiple pathways for students to convert their learning, skills, achievements, and real-world experiences into academic benefits. The following sections outline the eligibility conditions, acceptable activities, required proofs, and benefits available under each category.

Criteria Sheet: A **Criteria Sheet** is a structured framework that clearly defines the **eligibility conditions, required proofs, evaluation parameters, and corresponding academic benefits** for various EDU Revolution categories. It ensures **transparency, standardization, and consistency** in how student achievements are assessed and mapped to academic outcomes. Detailed description is provided in the subsequent section.

Standing Committee: The Head of School (HOS) shall constitute a Standing Committee to review student nominations submitted under EDU Revolution and determine the benefits to be extended to eligible students.

Composition:

- The Standing Committee shall consist of 5 to 7 members.
- The HOS may include additional members at their discretion, if required.
- All relevant committee coordinators shall be members of the Standing Committee.

Roles and Responsibilities:

- The Standing Committee shall evaluate student nominations, verify supporting documents, and assess eligibility in accordance with the prescribed guidelines and criteria.
- The Committee shall recommend the appropriate EDU Revolution benefits, including course equivalence, grade upgradation, attendance relaxation, duty leave, transcript recognition, or any other approved benefit.
- The Committee shall ensure transparency, consistency, and fairness in decision-making and communicate its recommendations within the stipulated timelines.

4. Revenue Generation

Definition: Revenue Generation refers to income earned by students through entrepreneurial, professional, technical, creative, or service-based activities by applying their knowledge and skills. Aligned with the University's **"Earn Your Fee"** vision, it promotes self-reliance, innovation, and real-world learning.

Eligibility

1. Revenue must be generated through university-approved activities and verified by the designated University Committee.
2. There is **no minimum CGPA requirement** for availing Academic benefits.
3. Academic benefits shall be applicable only to courses in which the student has secured a passing grade.
4. Students seeking attendance benefits must maintain a **minimum of 60% attendance** (excluding bonus attendance and Duty Leave) in the concerned semester.
5. Revenue generated through family-owned businesses or family enterprises shall not be considered

Important Notes

1. Students registered under revenue generation must appear for the End Term Examination (ETE) irrespective of the benefit claimed.
2. Course mapping shall be carried out only by the Head of the School. Courses involving third-party evaluation, dissertations, internships, projects, or similar components shall not be eligible for course mapping.
3. Students applying for Course Equivalence must submit the prescribed Undertaking Form.
4. Revenue **proof and supporting documents must be submitted at least 15 days** before the last teaching day of the semester.
6. The decision of the designated University Committee regarding verification and approval of benefits shall be final and binding.

Academic Benefits

Based on verified revenue generation, students may avail CA Equivalence, Attendance Benefit, Grade Upgradation, and Course Equivalence, as as detailed below.

5. NPTEL/ Proctored MOOCs/Certifications

Definition: NPTEL, Proctored MOOCs, and Certifications refer to structured learning programs offered by recognized platforms and institutions that enable students to acquire additional knowledge, skills, and competencies beyond the regular curriculum.

Eligibility

1. The course must be completed through a recognized NPTEL, Proctored MOOC, or Certification platform approved by the University.
2. Students seeking Complete Course Equivalence must have a minimum CGPA of 7.0 at the time of application.
3. There shall be no CGPA requirement for availing partial course equivalence benefits as per the approved policy.
4. The course content and learning outcomes must be relevant to the mapped university course.
5. Students must submit the prescribed undertaking form along with proof of registration and completion of the course.

Important Notes:

1. Students applying for Complete Course Equivalence must compulsorily submit the prescribed Undertaking Form along with the examination registration proof.
2. Course mapping shall be carried out only by the Head of the School or the designated academic authority.
3. Benefits shall be granted only after successful verification of course completion and supporting documents.
4. The decision of the Standing Committee regarding course mapping and approval of benefits shall be final and binding.

Academic Benefits:

Based on successful completion and verification of NPTEL/Proctored MOOCs/Certifications, students may avail Course Equivalence benefits as detailed below.

Category	Type of course	No. of courses	Academic benefits	Remarks
NPTEL/Proctored MOOCs/Certifications	Core and non-core course	1	Complete course equivalence	Academic benefits shall be governed by the applicable NPTEL/Proctored MOOCs Policy.

6. Projects

Definition: A Project is a structured, outcome-driven activity undertaken by a student to solve a real-world problem, develop innovation, or conduct academic, industry-oriented, or field-based research under guided supervision.

Eligibility

1. A **minimum CGPA of 6.0** is the standard eligibility requirement for availing Project-based benefits.
2. **Duty Leave-related benefits** shall be granted only if the student maintains a **minimum of 65% attendance**, excluding bonus attendance and Duty Leave.
3. If a project requires engagement during scheduled class hours, the student must obtain prior approval from the Standing Committee to avail the additional benefit of Duty Leave.
4. Academic benefits shall be granted only upon submission of complete documentation and successful verification by the Standing Committee.
5. Benefits shall be applicable only in the mapped course(s) as recommended by the Standing Committee.
6. All submitted nominations shall undergo verification and evaluation by the Standing Committee.

Important Notes

1. Academic benefits shall be granted only in the mapped course(s) associated with the approved project.
2. Students may explore and nominate from the list of projects available on the EDU Revolution Portal.
3. Students may also propose their own project(s) through the EDU Revolution interface, subject to evaluation and approval by the Standing Committee.
4. The Standing Committee may recommend one or more academic benefits based on the nature, scope, outcomes, and impact of the project.
5. The decision of the Standing Committee and approval of the Head of School regarding project mapping and academic benefits shall be final and binding.

Academic Benefits

Students may avail one or more of the following benefits based on the recommendation of the Standing Committee and approval of the Head of School:

Types of Projects	Academic Benefits	Maximum Benefit	Evaluation

1. Industry & Corporate Projects **2. Government & National-Level Institutional Projects** (DRDO, ISRO, DAE/BARC, CSIR, ICAR, NITI Aayog–Atal Innovation Mission, DBT-funded student projects) **3. 8. Recognition of Prior Learning (RPL)

Definition: Recognition of Prior Learning (RPL) is the process of recognizing a student's prior knowledge and competencies gained through formal, informal, or experiential learning, enabling the student to receive academic recognition for learning already achieved.

Eligibility:

A student shall be eligible to apply for Recognition of Prior Learning (RPL) provided that all the following conditions are satisfied:

1. Be an active student of the University.
2. Have a minimum CGPA of 5.0 at the time of application.
3. The student must possess relevant and verifiable evidence of prior learning, relevant to the applied course. Wherever applicable, the supporting certificate/document must reflect a minimum learning duration of 12 hours.
4. The RPL application, along with all supporting documents, must be submitted either before the commencement of the academic term or within two weeks from the start of classes.
5. A student may submit a maximum of two RPL applications in an academic term (including Core, Non-Core, and CPE courses). However, course exemption under RPL may be granted for only one course per academic term.

Additional Approval Criteria for CPE Courses (PES, PEL, PEV, PEA)

For CPE courses, a student may also be considered eligible if either of the following conditions is satisfied:

1. A first-year student has secured at least 80% marks in a relevant subject/course in Class 10, Class 12, or Graduation, as applicable; or
2. The student has an overall CGPA of 6.5 or above and an average grade of B+ or above in the courses mapped to the applied CPE course.

Important Note: All nominations will undergo a verification process by the Standing Committee. The committee may contact students directly, request supporting documents, or call them for an in-person interaction, if required

Academic Benefits: Students can avail the academic benefits like Course exemption based on the recommendations of the standing committee. The details for academic benefits are detailed in the following section.

Category	Types of Course	Condition for Academic Benefit	Academic Benefit

Recognition of Prior Learning (RPL)	Core/Non-Core/CPE Courses	After the RPL application is approved, the student must appear for the RPL exam for the applied course and secure at least a B+ grade	Complete course waiver

Suggestive Prior Learning:
- ***Professional Certifications: IELTS, TOEFL, DELF/DALF, JLPT, British Council Certifications, etc.***
- ***Technical / IT Certifications: AWS, Azure, Google Cloud, CISSP, CEH, CompTIA, SAP, Cisco (CCNA/CCNP), Oracle, etc.***

Social Media Presence

1. Definition

Social Media initiative under Ed-Rev refers to the creation and sharing of authentic, educational, and professionally relevant digital content by students on approved social media platforms that showcases academic learning, research, innovation, projects, entrepreneurship, placements, student achievements, campus life, and other University-related initiatives. This initiative aims to strengthen students' professional digital presence while promoting the University's ecosystem through meaningful content creation.

2. Eligibility

a) Students must have a minimum **CGPA of 6**.0 at the time of nomination.
b) Students can nominate for LinkedIn and/or Meta (Instagram/Facebook) through profile building and content creation. On the basis of which the students will be given points which will be mapped to the academic benefits.
c) The social media profile must be **initially** reviewed and approved by the School Standing Committee before the student becomes eligible for academic benefits.
d) **At the end of the given timeline,** all submissions shall undergo verification by the Standing Committee before approval of academic benefits.

3. Important Notes

a) The School Standing Committee shall initially evaluate and approve the student's profile based on the prescribed **Profile Approval Criteria Sheet**.
b) Students shall maintain consistency in posting throughout the term as per the given timeline rather than posting multiple entries within a short period.
c) Students will earn points based on the evaluation and content creation criteria shared below.
d) Only content related to academic learning, research, innovation, entrepreneurship, placements, student achievements, community engagement, and other University-related activities shall be considered for evaluation.
e) The decision of the School Standing Committee regarding verification and approval of benefits shall be final and binding.
f) The University reserves the right to verify the authenticity, originality, ownership, engagement, and relevance of all submitted content.

Suggested Content (Illustrative and Not Exhaustive)

Students may create content related to:

• Classroom learning • Laboratory work • Research activities • Academic projects • Internships • Industrial visits • Hackathons • Competitions • Workshops • Conferences	• Student clubs and organizations • Entrepreneurship • Innovation • Placement journeys • Faculty mentorship • Career experiences • NCC/NSS activities • Sports achievements	• Cultural events • Community service • My University, My Pride activities • Professional success stories • Health and wellbeing initiatives • Academically relevant campus life

Note: The list above is illustrative and not exhaustive. The Standing Committee may consider other academically relevant and professionally meaningful content that aligns with the objectives of EDU Revolution.

4. Content Standards (Do's)

Students are encouraged to:

a. Create original content that reflects their own academic experiences, learning, projects, achievements, or University activities.

b. Maintain professional quality by using clear visuals, readable captions, appropriate language, and well-structured posts.

c. Share meaningful insights rather than merely uploading photographs. Captions should highlight key learnings, outcomes, experiences, or practical applications wherever applicable.

d. Tag appropriately by:

- Tagging the University's official social media page.
- Tagging the relevant School/Department/Division wherever applicable.
- Using the prescribed hashtags (e.g., **#EduRevolution, #LPU, #SchoolHashtag**).

e. Maintain authenticity by sharing only genuine experiences, achievements, and learning outcomes.

5. Content Standards (Don'ts)

The following shall not be considered eligible and may lead to rejection of the nomination:

a. Duplicate or repetitive content, including reposting the same content multiple times or copying content created by another individual.

b. Artificial engagement, including purchasing likes, followers, views, using engagement groups, bots, or any other inorganic means of increasing reach or interactions.

c. Irrelevant content such as personal selfies, birthday celebrations, food posts, entertainment content, or any material unrelated to academic, professional, research, or University activities.

d. Offensive, abusive, defamatory, discriminatory, obscene, or harassing content, including hate speech or content that violates the University's code of conduct.

e. Political or religious promotion, including content endorsing political parties, political ideologies, election campaigns, religious propaganda, or promoting, endorsing, or disparaging competing educational institutions or organizations.

f. Any visual or written promotion of alcohol, tobacco, drugs, or other prohibited substances.

g. Misinformation, manipulated content, or factually incorrect information relating to the University, its stakeholders, or its activities.

h. Copyright infringement, including the unauthorized use of copyrighted photographs, videos, music, graphics, or other intellectual property without appropriate permission or attribution.

6. Academic Benefits
